CROWNED HEADS ARE GIVING

Pictures and Portraits Bearing Signatures of Emperors and Kings Form Conspicuous Part of Donation to Beautiful Home of Old Seamen.

NEW YORK, June 29.—To decorate the new institute for sailors which is just being completed in this city, portraits personally signed and sent by the rulers of England, Germany, Italy and Denmark have today been received by the American Seamen's Friend Society. Realizing that many thousands of their subjects who follow the sea will soon be harbored in the \$325,000 building of this American organization each year, King Edward, Kaiser Wilhelm II, Victor Emanuel III and Frederik VIII have been quick to respond through diplomatic channels to a request for recognition of the international character of this enterprise. When the modern hotel and club quarters is thrown open in August to the seven thousand sailors who arrive each day in this port, twelve nations of the world and many states in this country will be represented by some room, furnishing or decoration in the building.

Ranged along beside the picture of Theodore Roosevelt, which the President personally presented to the society last month "with heartiest good wishes", portraits of royalty will be hung where every sailor may read the autographed inscription of his own sovereign. The bold hand-writing of Kaiser Wilhelm himself is affixed in good English to his latest portrait, while the King of England has traced "Edward R and I" beneath his picture with his own hand. The same rare attention has been paid by the rulers of Italy and Denmark. This unusual courtesy is believed by the diplomats here to be a recognition of the service of eighty years which the society has performed for millions of British, German, Italian and Danish seamen all over the world.

Connecticut, Florida, Illinois, Massachusetts, Maryland, Michigan, New Jersey, New York, Ohio, Pennsylvania and Vermont have already claimed representation in the new sailor's institute by selecting some one of its two hundred rooms to furnish as a memorial. It is believed that every state in the union will be as anxious to make its seafaring sons feel at home here as are the outside nations. The Order of Sons of St. George and the St. Andrew Society and the St. David's Society have today secured memorial quarters, as well as the Board of Pilot Commissioners, the Pilot's Association of New Jersey and the Masters Mates and Pilots Association of New York.

Towering like a fortress against the army of crimps that swarms about its doors, the big structure is to-day just being finished on the waterfront in the center of the Chelsea district, the greatest mile of shipping stretch in the world. Within the next two months the interior of this ornate sky scraper will be open to every officer, sailor, steward and stoker who is looking for a snug berth out of reach of the land sharks. A swimming pool, showers, billiards, music, writing and reading rooms are some of the things which Jackashore may enjoy to his heart's content. He may patronize a safe bank, a modern restaurant, an honest "slop shop" to replenish his kit, or ship through a special free bureau. For the first time in the history of the world the merchant sailor man in great numbers may here spend his time in port in just as retired, decent respectable surroundings as any other traveler.

"The chance to be as self-respecting as any other class of men is all the sailor wants", said G. McPherson Hunter, secretary of the American Seamen's Friend Society at its headquarters, 76 Wall Street, to-day. "I know the sailor and I am sure he will rise to his first opportunity of living like other men in port. It has taken \$250,000 to build our institute and we are still looking for \$50,000 to furnish it properly. It will open a world-wide benefit to the sailor man and every state and nation should surely be represented."

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

street, under date of December 9, 1907, writes as follows:

"I suffered three years with Weeping Eczema. It started with a little spot on my knees and spread fast over my whole body. I spent hundreds of dollars and went to every good doctor I heard of, but kept getting worse. Nothing would stop the awful itch and burning.

"I had to stay in bed from the middle of May to the middle of July. Then I tried D. D. D. Prescription. This is the 9th of December and I am entirely free from the terrible disease. D. D. D. saved my life.

"When I began this treatment, people were afraid of me I looked so terrible. My husband was the only one who would take care of me. D. D. D. stopped the itch at once so I could sleep, which I had not done before. Then I began to get better fast and now my skin is clear and white, not a spot anywhere."

Just a few drops of D. D. D. Prescription applied to the skin brings relief—nothing to swallow or drink. We vouch for D. D. D. Prescription, also the cleansing D. D. D. Soap, Charles Rogers & Son, druggists. Get a bottle today if you have any skin disease. Begin your cure at once.

"Better than Custom Made"

Why try to compare such magnificent garments as

THE FAMOUS
Hermanwile
GUARANTEED CLOTHING

With the crude efforts of the custom tailor? Ten custom tailors could not afford to pay the salary of the designer of this clothing. One hundred custom tailors could not handle one-quarter the woollens cut each season for "Hermanwile" garments. No custom tailor can put the same materials and hand workmanship into garments for less than \$10 or \$20 more.

We can fit any figure, tall or short, stout or thin. We have garments cut to your measurements and no tailor can give you the style and fit that we do, at any price.

We have

Suits at from \$10 to \$25

Which cannot be equalled by custom tailors at less than \$20 to \$40. See what they offer---see what we offer; you can easily figure out the savings.
